Libra HI&I Cleaning
Products for Home, Industrial & Institutional Cleaning
From Libra Speciality Chemicals Ltd

Product range
Libra Speciality Chemicals manufacture a wide range of ingredients for cleaning products covering the majority of cleaning industries such as, Industrial Cleaning, Institutional Cleaning, Home Care, Car Care and Specialist Cleaning.

Cleaning products using our ingredients include Washing up liquids, Car wax, TFR's, Kitchen and Bathroom cleaners, Window cleaners, Disinfectants, Foaming products, Gel cleaners, CIP cleaners and many more.

Libra HI&I Products
Libra Speciality Chemicals offer a wide variety of multifunctional products offering a range of properties. For instance, Corrosion Inhibitors, Wetting, Hydrotropes, Solubilisation, Thickening, Chelating, Low foaming, De-foaming, Degreasing and Emulsification.

Contract and Toll Manufacturing Services
Libra Speciality Chemicals Ltd offer a fully confidential and flexible manufacturing service with our comprehensive processing, technical and logistical services.

We can currently offer a varied range of reaction chemistries including pressure ratings to 5 Bar, full vacuum with steam and thermal oil heating.

General mixing and blending procedures are carried out in multi-purpose vessels, include a rubber-lined vessel used for the handling of corrosive chemicals.

Our purpose built emulsification plant incorporates wax melters, high shear mixers and an APV homogenizer, which allows us to manufacture a comprehensive range of emulsions.

We can also offer a full range of solids processing equipment, with the ability to fill into 5kg buckets, 1000 litre bulk bags or bulk tankers.

Libra also carry out contract filling and packing and can assist with product development and quality control.

Libra HI&I Cleaning
Products for Home, Industrial & Institutional Cleaning

Libra HI&I Cleaning

Polymer based ethoxylated amine oxide, used to thicken alkaline, acid and neutral products upon dilution. Wetting agent and anti-corrosion additive for acidic cleaners.

Application Areas

- Products for Home, Industrial & Institutional Cleaning
- Libra HI&I Cleaning

Libra Sol 4500P Non-Ionic Homopolymer of acrylic acid 45
Libra SWX Cationic Cationic rinse aids for cars 60

Speciality Products

- Libratex NSA Anionic Dodecylbenzene sulphonic acid (LABSA) 96
- Libraphos 1187 Anionic 2-Ethylhexyl + 3EO phosphate 100
- Libraphos P4 Ester Anionic Phenol + 4EO phosphate 100
- Libraphos 1145 Anionic C12-15 alcohol ether phosphate 100
- Libraphos 1138 Anionic C12-14 alcohol ether phosphate 100
- Libraphos 1028 Anionic Tridecanol ether phosphate 100
- Libratex DOS70K Anionic Dioctyl sulphosuccinate in kerosene 70
- Libratex DOS60M Anionic Dioctyl sulphosuccinate in water / white oil 60
- LibraCare APG 0814 Non-Ionic Coco glucoside 50 or 64
- LibraCare APG 0810 Non-Ionic Capryl/Caprylyl glucoside 50, 60, 65, 70
- LibraCare APG 06 Non-Ionic Hexyl glucoside 75
- Libranox CAO Non-Ionic C12-18 amine oxide 30
- Libranox AO10 Non-Ionic C10 amine oxide 30 or 40
- Libranone EA series Non-Ionic Amine ethoxylates 100
- Libranone 13 series Non-Ionic C13 alcohol ethoxylates 100
- Libranone 12/14 series Non-Ionic C12-14 alcohol ethoxylates 100
- Libranone C series Non-Ionic Castor oil ethoxylates 96
- Libranol CDG Non-Ionic Coco diethanolamide + glycerol 90
- Librateric CAB1218 HA Amphoteric Cocamidopropyl Betaine 30
- Librateric CAB1218 B Amphoteric Cocamidopropyl Betaine 30
- Librateric CAB50 MB Amphoteric Cocamidopropyl Betaine 38
- Librateric CAB50 PK Amphoteric Cocamidopropyl Betaine 38
- Librateric CAT50 Amphoteric Coco imino dipropionate, Triethanolamine salt 50
- Librateric 110 Amphoteric Coco ampho dipropionate, Sodium salt 40
- Librateric BA40 or BA60 Amphoteric 2-Ethylhexyl imino dipropionate, Sodium salt 40 or 60
- Librateric CAT50 Amphoteric Coco imino dipropionate, Triethanolamine salt 50

Product Name Type Composition Active %
LibraCare APG 0814 Non-Ionic Coco glucoside + glycerol 50 or 64
LibraCare APG 0810 Non-Ionic Capryl/Caprylyl glucoside 50, 60, 65, 70
LibraCare APG 06 Non-Ionic Hexyl glucoside 75
Libranox CAO Non-Ionic C12-18 amine oxide 30
Libranox AO10 Non-Ionic C10 amine oxide 30 or 40
Libranone EA series Non-Ionic Amine ethoxylates 100
